

Rabbit Class

Our new learning theme for this half term is...

“I will survive...”

Our learning will be focused on habitats. Most of our learning will be linked to our main theme, although some subjects i.e. Maths, will continue to be taught separately.

We hope to have an exciting half term of learning!

Our English will be linked to our Habitat topic this half term. We will be exploring The River by Marc Martin. We will be focusing on poetry and setting descriptions and continue to develop our descriptive writing.

We will also be using a variety of books to continue our focus on reading skills.

How to support your child at home:

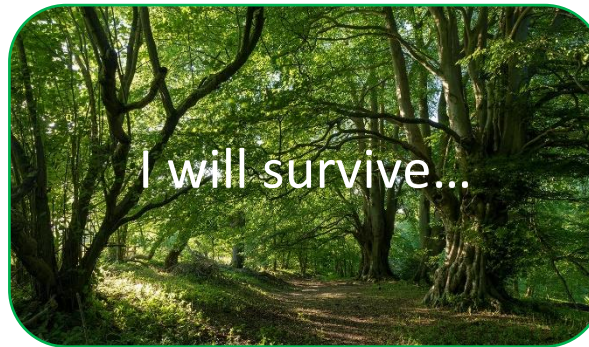

Regular reading at home would be extremely helpful. I will attach some questions to ask when reading with your child to help improve their comprehension skills.

If you have any questions or concerns please feel free to speak with me. Thank you in advance for your support.

Mrs Stopps

Reminders:

PE will be gymnastics on **Monday afternoons** so please ensure your child wears their P.E. kit to school on Mondays.

I will survive...

Links to previous learning...

We will be continuing to develop our descriptive writing skills this half term. For our Theme learning, we will be building on the Science knowledge learnt in Year 1 about animals to focus on their habitats.

In Maths, we will start by learning about statistics which in Year 2 is the collection of data and presenting results as tally charts, pictograms and block diagrams.

We will then be focusing on measurement; length & height, mass, capacity and temperature. We will also continue to recap prior learning to keep up Number knowledge and skills.

In Science, we will be learning about living things and their habitats. We are excited to be furthering our Science learning through our ‘Living Eggs’

In Art we will be looking at the work of Henri Rousseau focussing on his ‘Tiger in a Tropical Storm’. As part of our theme, we will be looking at Geography and the human and physical features of a landscape.

Dates for your diary:

Parents evenings: 28th and 29th February

Skills Lab trip 29th February

World Book Day 8th March
